## ERIC S. TIMMERMAN

---

- Overview** Software engineering intern with experience in computer science and software development. Have worked with companies in Silicon Valley and abroad, developing mobile and web applications, designing product features, and implementing tools for internal usage.
- Experience**
- Software Engineering Intern at Yiftee, Menlo Park CA, Jan 2015 - present**  
Developing the company's Android application, including overhauling the existing app with an improved back-end framework and a redesigned UI in compliance with material design standards.
- Software Engineering Intern at Babajob, Bangalore India, Sep - Dec 2014**  
Worked at Babajob's headquarters in Bangalore, India, developing realtime data-visualization applications for internal usage that outlined key company statistics on sales and the demographics of our clientele. Redesigned the user interface by which users could adjust and complete their profiles.
- Software Engineering Intern at Yiftee, Jun - Aug 2014**  
Developed a web application that streamlined the use of our product during trade shows, redesigned the layout and SEO effectiveness of significant pages for the company's clients, and implemented an alternate method by which customers can purchase and use our product.
- Education**
- Harvard University, Cambridge MA, 2019 (expected)**  
BA in Computer Science
- Saint Francis High School, Mountain View CA, 2010 - 2014**  
Cumulative GPA of 4.55 (weighted)  
10 Advanced Placement (AP) and 6 Honors courses  
VP of Math Team, Senior Editor of Yearbook
- Skills** Proficient in Java, C#, Ruby, CSS, HTML, AngularJS, JavaScript, jQuery, and XML. Experience with front-end and back-end frameworks and Android development. Limited working proficiency in Spanish.
